Be Inspired

Marking the future with you

A photograph of a playground area. The ground is covered in a dark, textured material, possibly gravel or rubber mulch. Overlaid on this surface is a large, intricate geometric pattern made of thick, bright blue lines. The pattern consists of various shapes, including rectangles, triangles, and zig-zags, creating a maze-like or abstract design. In the background, there are basketball hoops and a person sitting on a bench. A white semi-transparent text box is overlaid on the center of the image.

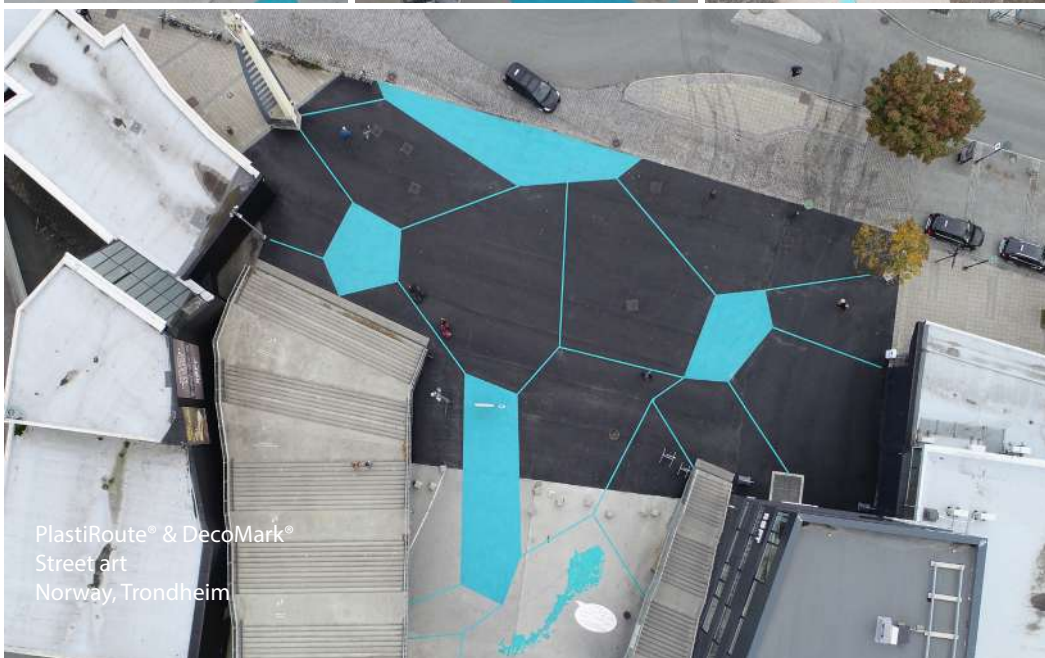

*Urban living areas present a wide range of possibilities. Add colour to dark and boring surfaces and convert them into inspiring areas. Your imagination is the only limit!*

*See how other designers have transformed streets, public areas, harbours and schoolyards into creative and inspiring surfaces with our standard and/or custom-made products.*

A large outdoor playground area featuring a prominent red and white canopy supported by silver metal poles. The foreground is dominated by a black and white checkered floor. In the background, there is a colorful play structure with slides and a red and orange safety mat. Several people are visible playing in the area. The sky is clear and blue.
